Conditions precedent for
exercise

The Share Appreciation Rights granted to Incentive Recipients shall be exercised upon the simultaneous satisfaction of all the following conditions:

- (i) none of the following events has occurred at the Company:
 1. failure to engage an accounting firm to conduct auditing work in accordance with the prescribed procedures and requirements;

2. the regulatory authorities of the State-owned assets, the board of supervisors or audit departments have material objection in respect of the financial performance or the annual financial report of the Company;
 3. material breach of rules and penalties were imposed by securities regulatory authorities and other relevant authorities as a result;
 4. issue of an auditor's report with an adverse opinion or indicate the inability to give an opinion on the financial report or the assessment of internal control for the latest accounting year by a certified public accountant;
 5. profit distribution in violation of the laws and regulations, the Articles of Association or public undertakings during the last 36 months;
 6. prohibition from implementing share incentives by the laws and regulations;
 7. other circumstances as determined by the relevant regulatory authorities.
- (ii) Performance conditions for the exercise of share appreciation rights under the first grant and reserved grant:
1. The first category reflects comprehensive indicators such as Shareholder returns and corporate value creation:
 - (1) the average return on equity attributable to the parent company from 2024 to 2026 shall not be less than the high-tier value of the entire power generation industry and the 75th percentile of the benchmark companies;

- (2) the total profit from 2024 to 2026 shall not be less than RMB4.10 billion, RMB5.02 billion and RMB5.20 billion, respectively.
2. The second category reflects growth indicators such as the Company's profitability and market value:

Non-fossil energy installed capacity of the Company from 2024 to 2026 shall not be less than 12,500 MW, 21,200 MW and 23,000 MW, respectively, and the year-on-year growth rate for each year shall not be lower than the industry average growth level.
3. The third category reflects the operating quality indicators of the Company:
 - (1) asset-liability ratio of the Company from 2024 to 2026 shall not exceed 69.5%, 69% and 68.5%, respectively, and shall not exceed the target asset-liability ratio issued by the Board in each year;
 - (2) investment in technology research and development of the Company from 2024 to 2026 shall account for no less than 3%, 3.1% and 3.2% of operating income, respectively;
 - (3) per employee profit creation of the Company from 2024 to 2026 shall not be less than RMB1.16 million, RMB1.25 million and RMB1.28 million, respectively.

Notes:

1. During the validity period of the Scheme, if the Company carries out financing through the non-public offering of shares, the newly increased net assets from the financing activities and the net profits generated from such net assets will not be included in the assessment calculation of return on equity attributable to the parent company and asset-liability ratio;
2. Total profit represents profit before tax.

3. The high-tier value of the entire power generation industry for each year is based on the “Enterprise Performance Evaluation Standards” issued by the State-owned Assets Supervision and Administration Commission of the State Council. If the State-owned Assets Supervision and Administration Commission of the State Council no longer issues the “Enterprise Performance Evaluation Standards” and benchmark data of the industry are not available, the benchmark of such industry indicator will no longer be considered.
4. Per employee profit creation = profit before tax * 2/(total number of employees at the beginning of the year + total number of employees at the end of the year).
5. Non-fossil energy includes the new energy and renewable energy at the present, including nuclear energy, wind energy, solar energy, hydroelectric energy, biomass energy, geothermal energy, ocean energy, pumped-storage hydroelectric energy, energy storage and other renewable energy sources.
6. Non-fossil energy installed capacity includes all non-fossil energy installed capacity of controlled or consolidated subsidiaries and non-fossil energy installed capacity of equity-holding subsidiaries in proportion to their shareholding.
7. National non-fossil energy installed capacity growth data is based on industry data in the “Annual Electricity Statistics Basic Data List” issued by the China Electricity Council. If the China Electricity Council no longer issues the “Annual Electricity Statistics Basic Data List”, its replacement will be the national accumulative installed power generation capacity growth rate issued in the “National Electricity Industry Annual Statistics” issued by the National Energy Administration to ensure the exercise conditions to be higher than the industry average.
8. The costs incurred by the Scheme will be charged to administrative expenses.

A further meeting of the Board will be held to formally approve the Grant after the Scheme becomes effective.

Reasons for the Adoption of the Scheme

The Board is of the view that the Scheme will be able to (i) enhance corporate competitiveness, create common interests, fully utilize the positiveness, proactivity and creativity of outstanding talents and core staff, improve the operational results and core competitiveness of the Company and facilitate the long-term and stable development of the Company; (ii) create favorable news to the capital market, bolster the confidence in the capital market and maintain the market value of the Company; and (iii) effectively build and continue to improve the management structure with clear distinction between powers and responsibilities and efficient decision-making, further

optimize the performance-based compensation incentive mechanism, establish a market-based assessment system in line with the developmental needs of the Company, and effectively retain and attract the core staff necessary for the development of the Company.

The Board considers that the proposed terms and conditions of the Scheme and the Grant are fair and reasonable and in the best interests of the Company and Shareholders as a whole.

General Information

The Share Appreciation Rights are to be settled by cash. The Scheme does not involve the grant of options over the existing shares, new shares or other new securities issuable by the Company (or any of its subsidiaries) and therefore, it is not subject to the requirements under Chapter 17 of the Listing Rules.
